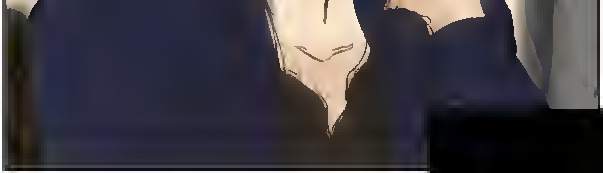
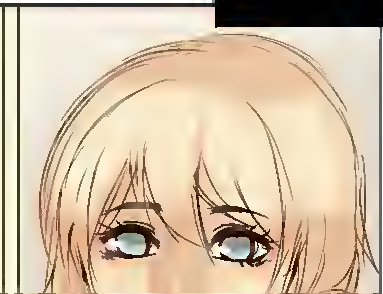
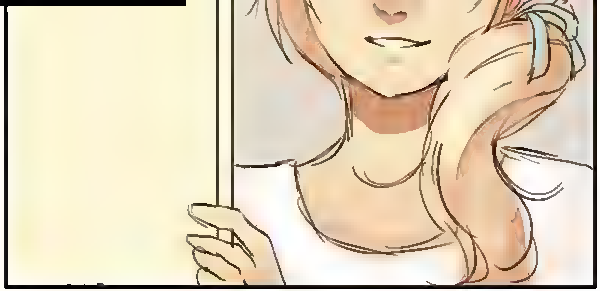
When we finally met up that day, I arrived later than I should have.

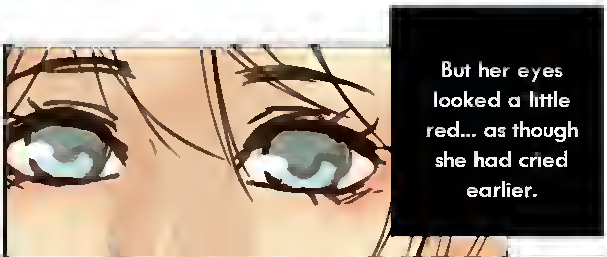


It turned out I accidentolly fell osleep while waiting.



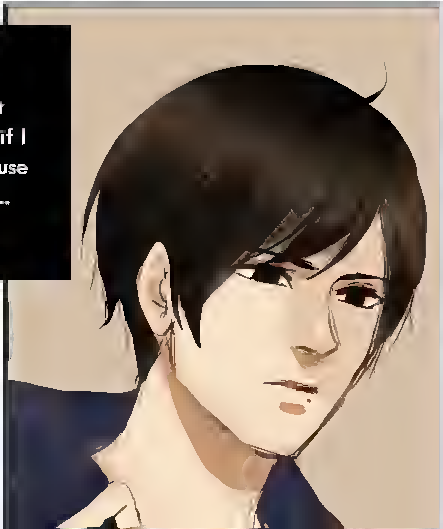
However, she made no big deal of it ond smiled when she greeted me.



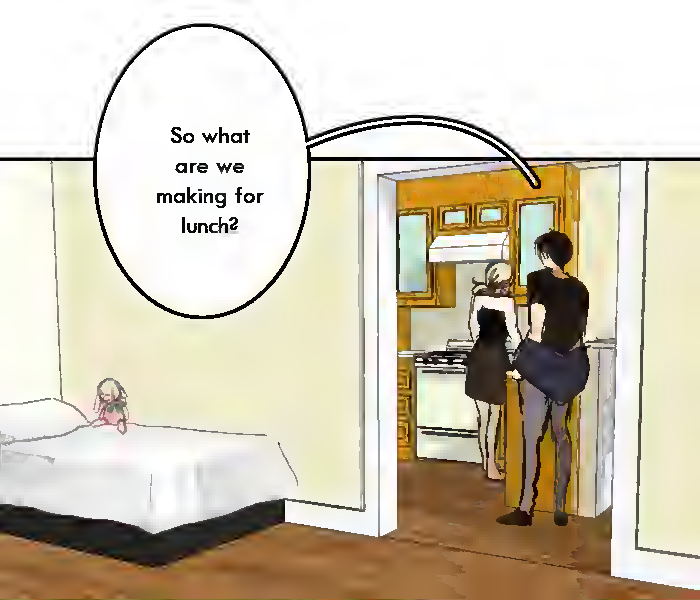


But her eyes looked a little red... as though she had cried earlier.

I couldn't determine if I was the cause of it, but...

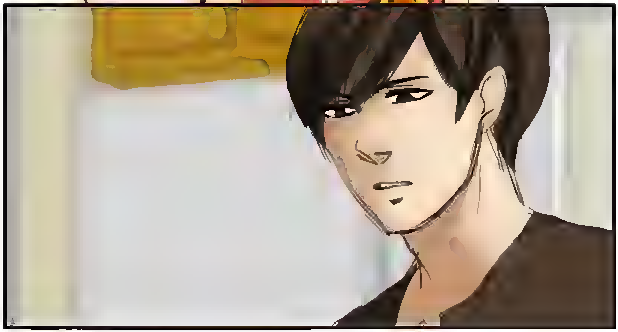


I took it as a sign that I was already doing poorly in my part of this relationship.



So what are we making for lunch?

Instant curry!



You don't cook often, do you?

...
I don't.

Normolly
I'd suggest we
go find something
else to eat outside,

but that risks the chances of people seeing us together.

N-next time we'll make something you like, okay?

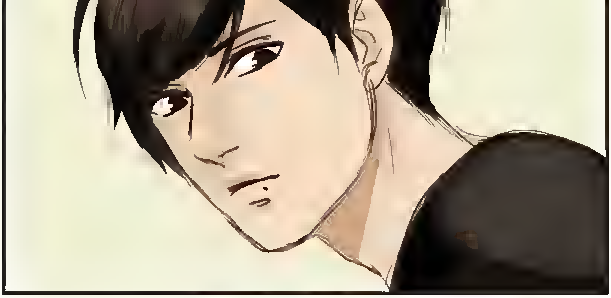
Fair enough.

peel
Sa...You don't like curry?
It's not that I dislike it particularly, I've just never been fond of instant food in general.

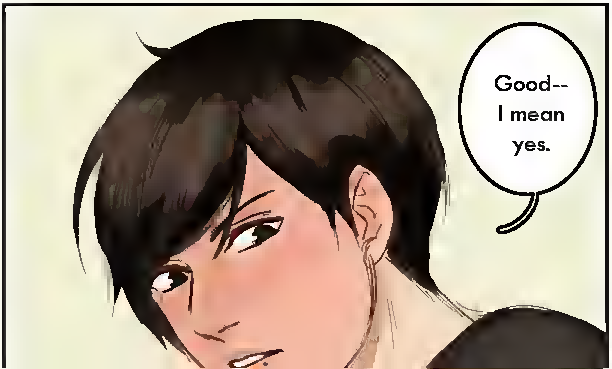
Ah,
I see...
Yaur hair
is getting in
the carrots.
Ack!
Yau're

right.

Hold on
a sec...



There.
Is this
good?



Good--
I mean
yes.

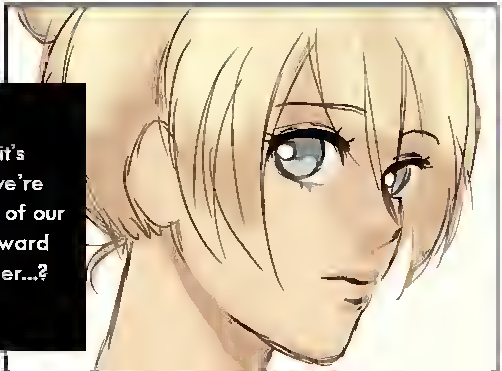
Stupid.
Stupid.
Stupid.
...
He's blushing?

It's not the first time we've spent time alone together in her dorm...

Yet the atmosphere isn't quite the same as it was before.

I'm suddenly attentive of every little

thing she does.



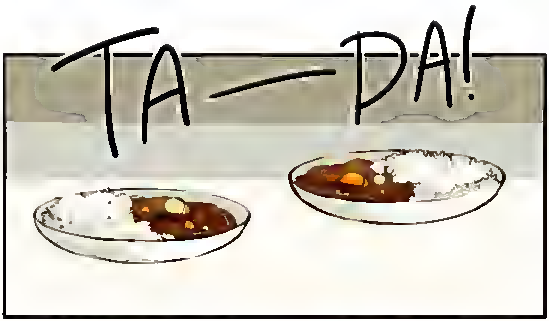
Maybe it's because we're now aware of our feelings toward one another...?

glance

Shoot.
I got cought
storing.

These new feelings are awkward and a bit clumsy—

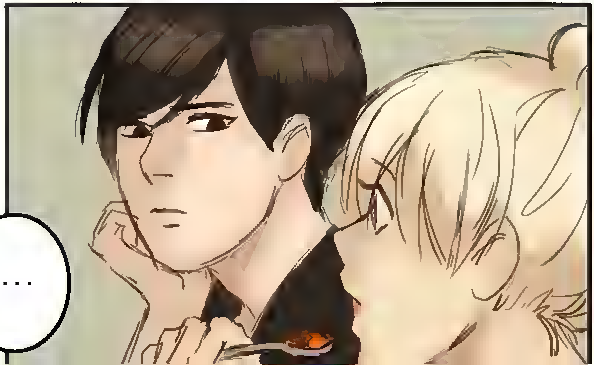
But strangely, I don't seem to mind it at all...

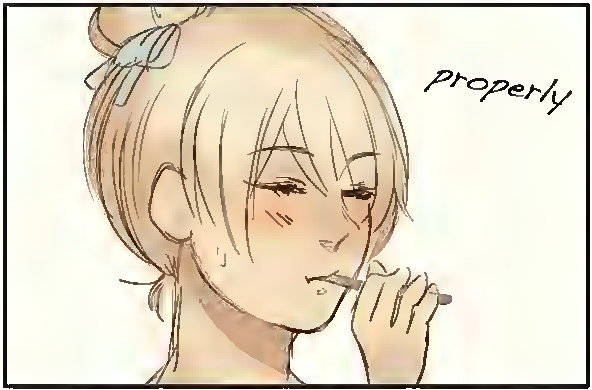


TA—DA!

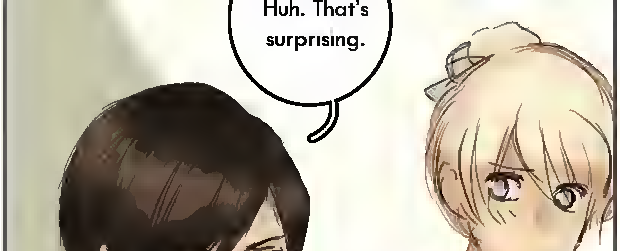
All done!
I'm starving~

AH~

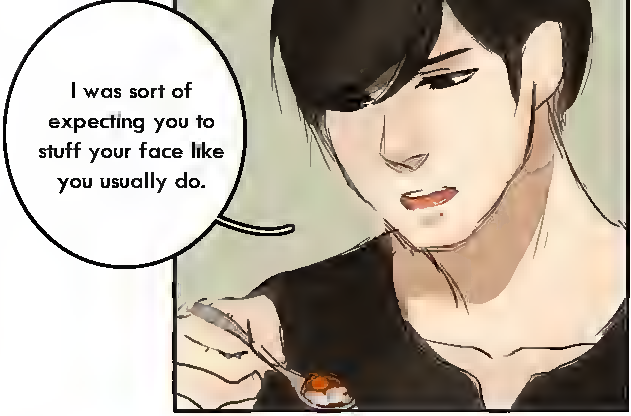




properly



Huh. That's surprising.
H-hm?
What is?



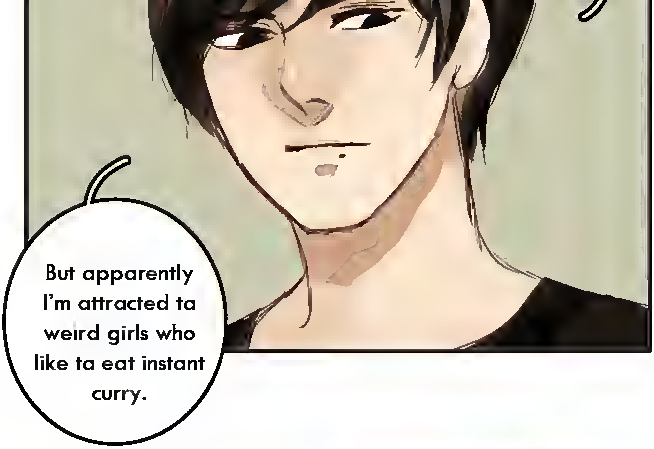
I was sort of expecting you to stuff your face like you usually do.

I'm saying that you *usually* eat in a messy and unsexy way.

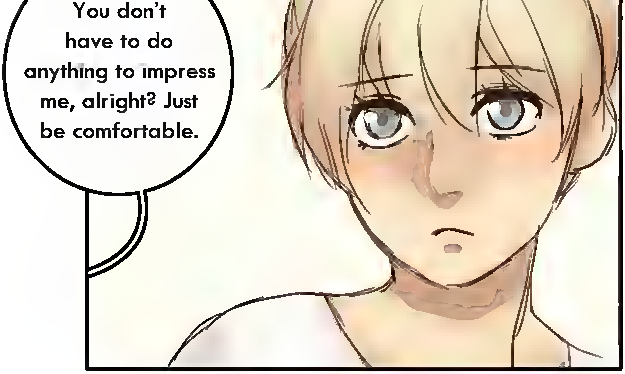
STOP

OTAB
Unsexy?

O-oh? So do you prefer girls who are 'sexy' o-or something?
Maybe.



But apparently I'm attracted ta weird girls who like ta eat instant curry.

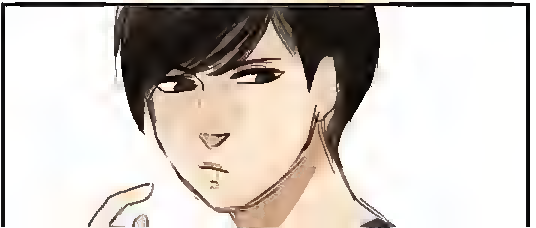


You don't have to do anything to impress me, alright? Just be comfortable.

I was talking to Harue earlier about being wary of my relationship with Dindin...
But I think I'm slowly

beginning to understand.

Being in a romantic relationship with him isn't necessarily playing a new part as a "girlfriend" or "bayfriend"...



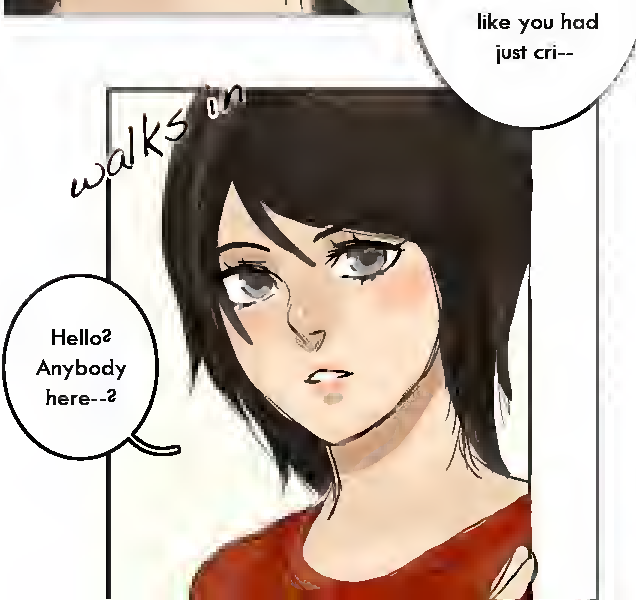
But rather
preserving
and *making*
something more
of the special
connection we
already share.

When
I look at it that
way, I'm happy
simply being with
him like this.

So even if it has
to be a secret for
now, I'll just cherish
these moments we
share together...

Hey... I've been meaning to ask...

Yes?
Before I come to visit today, was something bothering you? It almost looked



like you had just cri--

Oh! London, Rochelle... Good afternoon.

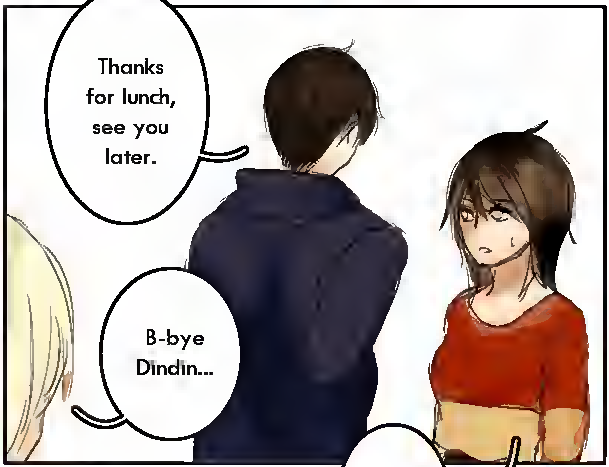
distance

No, you weren't. Actually, I was just about to head out.



Thanks for lunch, see you later.
B-bye Dindin...
Ah...

H-have you eaten lunch yet, Rosalie?
We still have some curry left over.
